Visitor tickets

There are two types of SL tickets: travelcards and zone tickets. Here are the tickets suitable for a short term visitor in Stockholm.

Tickets are available in full price, for adults, and reduced price, for children and young people under 20 years of age as well as for those over the age of 65.

Children under the age of 7 travel free with an accompanying ticket holder. Over weekends and at public holidays there is a more generous offer for those travelling with children.

Travelcards

With a travelcard, you can travel as much as you like throughout the county for the duration of the card. Travelcards are generally the best buy for a visitor who plans to use public transport regularly during the stay.

You can buy single use travelcards for 24 and 72 hours, or load any type of travelcard on an SL Access smart card.

- **24 hours:** SEK115 (full price); SEK 70 (reduced price)
- **72 hours:** SEK 230(full price); SEK 140 (reduced price)
- **7 days*:** SEK300 (full price); SEK180 (reduced price)

300.00 SEK = 37.1199 USD

* Only available with an SL Access card. If you don't have an SL Access smart card already, there will be an extra 20 SEK fee for the card itself. You can re-use an SL Access card that you have obtained at a previous visit.

Validity of your travelcard

7 days travelcards, and **travelcards for longer periods of time, are valid from 00.00 on the first day of travel until 04.30 on the day after the travelcard expires.** The 24 hour and 72 hour travelcards are valid for the chosen number of hours from the time of first use.

Travelcards are transferable and can be used by several travellers, but only one at a time.

All travelcards are valid for travel on the Djurgården ferries between Slussen and Djurgården.
